

Defensive Driving

If you're a career driver, there is a good chance that at one point or another, you've driven through treacherous weather conditions. This course will teach commercial drivers how to deal with any seasonal driving conditions you may come across. Students will learn how to handle rain, hydroplaning, snow and ice, skidding, black ice, and fog. Whether you drive long distance or make short runs, inclement weather is always dangerous. As a commercial driver, you have enough to worry about when you are out on the road. Gain the confidence needed to maintain your career safely.

Sunday 4/21

Sunday 5/19
